CAREERS IN PLANNING

Professional Planners are in high demand in Alberta and elsewhere.

- Planning is a Registered Profession in Canada and in many other jurisdictions throughout the world.
- Planning careers are diverse: urban design, economic development, social development, transit planning, parks planning, zoning, rural and regional planning, and others.
- Planners work alongside engineers, architects, government administrators, private land owners and others.
- Planners are employed in both the public sector and the private sector.

The BA Major in Planning focuses on the physical, social, and economic aspects of communities.

- Large selection of course electives
- Experiential learning; site visits and exploration of local planning issues
- Optional 4, 8, 12 or 16-month paid Work Experience

WHAT MAKES A GOOD PLANNER?

People who enjoy planning as a career tend to:

- be curious about how communities grow and change over time
- think about the design and the organization of neighbourhoods
- be concerned about the sustainability of their community and the quality of life of the people living in it
- enjoy problem solving, particularly when faced with real world issues
